

Originators and Designers of Specialty Reamers and Cutting Tools Since 1918

Helical Taper Pin Reamers with Squared Shank

Flute
High Spiral, Left Hand

Shank
Squared

Cut
Right Hand

Material
High Speed Steel

1/4" TPF (.0208" Per Inch) *Schedule A2*

Fast spiral fluted reamers provide the most accurate and best-finished holes. The high helix design allows for the maximum surface contact and easier chip removal thus reducing chatter, vibration and finish scoring. GAMMONS® Taper Pin Reamers are ideal for reaming longer tapered holes and come in a variety of shank styles. Precision design provides exceptional quality and accuracy. We have a large range of HSS tools in stock.

Taper Pin Reamers can also be made as specials in duplex style, extra length, special helix angles, end cutting, with chip breakers or in premium high-speed steel or carbide.

All surface treatments available upon request. Return to GAMMONS® for resharpener
